## Welcome Letter of the Organizing Committee

The Chapter of Patras of the Scientific Society of Hellenic Medical Students with co-organizers, the Medical Department and the Deanery of the University of Patras **are delighted and honored to invite you to the “4<sup>th</sup> Clinical Course of Internal Medicine for Medical Students and Medical Graduates” which will take place on December 8<sup>th</sup> -10<sup>th</sup>, 2017 at the Events Hall Agora Argiri, in the city of Patras.**

The main goal of this Course is to enrich our knowledge and define questions that have been formed upon basic matters of Internal Medicine during its practice on a clinical level.

The Course will be FREE for all the participants and our goal is to embellish our scientific program with clinical lessons, round tables and lectures with the participation of distinguished scientists with wide clinical experience and remarkable research project, offering a unique three-day educational experience for Medical students and students from other Medical Sciences, as well as Junior Doctors.

After the extremely successful organizing of the 1<sup>st</sup> Course on September 28<sup>th</sup>-29<sup>th</sup>, 2014, the 2<sup>nd</sup> Course on October 9<sup>th</sup> – 11<sup>th</sup>, 2015 and the 3<sup>rd</sup> Course on October 14<sup>th</sup>-16<sup>th</sup> we are closer to our will, to add to this event an annual color, transforming the city of Patras to an annual meeting point of accomplished scientists, students and junior doctors from every part of Greece with the direct support and cooperation of the academic and scientific community.

Supporters in our effort, for the four consecutive year are our teachers and professors with their valuable support for organizing the Course. We would like to thank them kindly, hoping we will prove ourselves to be worthy of the trust they showed us. Last but not least, we would like to thank all the members of the Organizing Committee of the Chapter of Patras of the Scientific Society of Hellenic Medical Students, who with passion, fervor and creative ideas have contributed to the development of the Chapter so far and to organizing this Course.

Closing up, we would like to welcome you to the great city of Patras **at the “4<sup>th</sup> Clinical Course of Internal Medicine for Medical Students and Medical Graduates” hoping you’ll have a beautiful and constructive three-day full of knowledge, prized experiences and most of all, beautiful memories.**

*On behalf of the student Organizing Committee*

**The President of the Course**

*Dimitris Kapnis*

**The Honored Presidents of the  
Course**

*Theodoros Marantos  
Alexandros – Leonidas Liarakos*

## Welcome Letter of the Scientific Committee

My dear Students,

I welcome you at the “**4th** Clinical Course of Internal Medicine, for Medical students **and Medical Graduates**”, which it is organized for the fourth consecutive year, after the successful organization of the previous Courses last years.

We have worked together many times these last years, I truly congratulate you for your initiative, and for your continuous and irreducible interest for the knowledge and the research. The way that you manage your education sets a strong foundation for your future career and as a final impact the **patient's benefit**.

I wish you from my heart good luck and continue the tradition. We are with you.

**The President of the Scientific Committee**

Venetsana Kyriazopoulou

*Professor of Endocrinology in Internal Medicine*

*Rector of the University of Patras*

## **SSHMS . . . A Brief Story**

The Scientific Society of Hellenic Medical Students ( SSHMS ) was established in **1993 and today it consists of 7 Chapters, one in each Greek University's Medical School**, and is staffed with more than 3.000 registered members. The goal of SSHMS is the scientific activation of Medical Students and the medical, social and educational work. In cooperation with homologous and other academic societies, the SSHMS has accomplished and continues to organize many Panhellenic scale **actions, like the program "Medical Landing, the ABCS (Thessaloniki) and the Clinical Course of Internal Medicine (Patras)**. The most precious event of the Society is the Scientific Congress for Hellenic Medical Students. Furthermore each chapter of the Society organizes many educational courses, and day conferences during the academic year.

## **Chapter of Patras . . . A Brief Story**

The Chapter of Patras of the Scientific Society of Hellenic Medical Students (S.S.H.M.S.), owns a very particular and at the same time fascinating part in the history of the S.S.H.M.S.. Since its re-establishment in May 17th, 2010, it maintains an indispensable part of the Medical School of Patras with its enormous range of activities and the partnerships, which has formed with numerous medical scientific events. In these last five years, the chapter enumerates over 350 active members. The wide acceptance and recognition gained the cooperation and support from the Deanery of the University of Patras and the School of Medicine of the University of Patras.

In the quiver of our activities are included numerous scientific, social, and humanitarian events and activities. The most precious moments of the Chapter of Patras were the organisation of the 19th Scientific Congress for Hellenic Medical Students & 7th International Forum for Hellenic Medical Students and Junior Doctors, the 22nd Scientific Congress for Hellenic Medical Students & 10th International Forum for Hellenic Medical Students and Junior Doctors and the Clinical Course of Internal Medicine for Medical Students and Medical Graduates. The organisation of an international conference, a seminar of panhellenic range and all the other activities are the result of hard and well-coordinated work, creativity, dedication and pleasure in offering.
